Alex Smith
Statement of Intent

I’m running for Vice President of Academic Affairs because I sincerely believe that in order to make an impactful change at this university, you must first and foremost be a leader who is willing to stand up for everybody. Having had the privilege to serve as a First Year Councilor and Senator within SGA, I’m cognizant of what it takes to successfully serve in an executive capacity. If elected VP of Academic Affairs, I vow to form strong relationships with organizations across campus in order to cater to the academic needs and concerns of the student body. If elected I will work to implement: A campus-wide text book swap, ensure veterans receive priority registration, establish a student opinion of instruction (SOI) halfway through the semester to foster better professor/student communication, and create an academic resource hub for students to consult, entitled “My Path.” In addition, current initiatives such as Academic Integrity Week and others previously established programs would be reinvigorated. My vision is to cultivate an inclusive campus, while providing services and opportunities students can readily access, to assure an overall positive, academic experience at the Capstone.
