Alli Selman
Statement of Intent

I, Alli Selman, am a candidate for Vice President of External Affairs. Over my two years spent at The Capstone, I have worked tirelessly through SGA to create a happy, safe, and inclusive campus. As your Vice President of External Affairs, I will advocate for a reform of state sexual assault laws to make them better equipped to protect victims and be inclusive of the LGBTQ+ community, work with Tuscaloosa City officials to aid the homeless portion of the UA student body, petition to lower the age required for in state contracts from 19 to 18, promote an increase in the income level that is eligible for Pell Grant and an increase in the money given, build off of the work previously done to get Uber or another safe transportation option in Tuscaloosa, and take a stand for the needs presented during my time in office. I am eager to continue serving you all, the student body, by making changes in our community and state that will better the lives of students now and in years to come. Even in concrete, a rose can grow. Let's foster growth and progress by voting for me, Alli Selman, for VP of External Affairs.
